Brian & Mychelle Garrison *Partners for Peru*

Special Prayer Needs:

- Land for the Mother church in Mayorazgo
- The continuing devaluation of the dollar
- The salvation of Gladys, Kyra's physical therapist.

Touching an Angel

We love Missions Trips! Many times when church groups come for a visit we are afforded the opportunity to minister on a much larger scale than normal. A recent visit from the youth group of the Winter Haven Baptist Church yielded some incredible results:

- * Evangelism efforts in 4 areas where new works have begun (with more than 20 professions of faith).
- * Fitting nearly 100 children with new shoes in the town of Pisco.
- * Entering 6 Public Schools and presenting the Gospel to more than 3,000 children.

One of the products of these efforts is a young man named Angel, who received Christ on the group's first day in Peru. A few days later while ministering in another part of Lima, about an hour away, we saw him again...then he showed up at church on the following Sunday night. What a great testimony of the providence of God arranging for a group of people to travel some 3,000 miles so that we could meet Angel, and in turn He could meet his Savior. See why we love Missions Trips?

Kicking Goals and Winning Souls...

Last month our church hosted a soccer tournament, during which 8 young men were saved!! What's more, on the Sunday night of the finale 4 players from the winning team showed up for the church services.
